KENT PLEDGE

Our promises to you
We understand that being in care and leaving care isn’t always easy and that it can bring extra challenges and pressures for you. If we are going to get it right for you we need to make a real difference to help you do your best and have success in your life.

Our pledge includes a number of things we will do that will help make sure that your time in care is a positive experience.

These are based around six themes:

• a sense of belonging
• an adult who is always there for you while you are in care
• a good education
• good memories for the future
• getting ready for being an adult
• championing your needs and interests.

We are making a pledge to you because you are in the care of Kent County Council.

We will check our pledge to you often so that, when we can, we will improve on the commitments that we make and listen to your views.

Please ask your Social Worker or Personal Adviser for your pack of Kent Pledge Cards which give you a shorter version of the Kent Pledge commitments.

Corporate Director – Social Care, Health & Wellbeing
An adult who is always there for you while you are in care

**We will:**

- make sure that you have a named Social Worker or Case Worker and an independent reviewing officer and know how you can contact them
- make sure that you have at least one person in your life who you can expect to be around throughout your time in care
- make sure that you have a named nurse that you can contact if you have any questions about your health.

A sense of belonging

**We will:**

- find a placement for you that is as near as we can to your family and friends
- help you keep in contact with family and friends and, when this is not possible, give you a clear reason why
- make sure we take into account your views and, if appropriate, your parents’ views of the type of carers that you would want when choosing your placement and short break/respite care
- when we make decisions, take account of your age, background and beliefs, including your ethnic and cultural needs and any needs you may have because of a disability, especially communication needs
- arrange for you to get your National Insurance number for your 16th birthday or as soon as possible after being entitled to have one
- get you a passport by your 16th birthday if you are legally allowed to have one – sooner if you need one to go on holidays with your carers and take part in school activites.

A good education

**We will:**

- make sure that you have a place at a school that will help you to do your best
- make sure that two to four year old children in care can go to early years education
- work with your school and the ‘designated’ teacher to help you do your best (all schools should choose a teacher who is in charge of all of the school’s services for those children in care who go to the school)
- help you to make the best possible choices in education, employment or training beyond 16 and support you in your work or studies including help going on to university if you choose to do this
- help you catch up with schoolwork if you fall behind
- expect your carers to take an active interest in your education and make good links with your school, including going to parent’s evenings and other school events
- provide a computer if you have been in care for six months or more and are aged 11 years plus or if you are aged over 16, still in care and where a laptop computer is an essential requirement of your course and, if appropriate, access to the internet
- celebrate your achievements and success
- help you to make the best possible choices in education, employment or training beyond 16 and support you in your work or studies including help going on to university if you choose to do this.
Good memories for the future

**We will:**

- provide opportunities for you to take part in hobbies and interests (including sports, art and music)
- help you build a photo album of important people in your life and places you have been to while in care.

Getting ready for being an adult

**We will:**

- make sure that we ask you about important decisions we make in your life
- make sure that your move to adult services, if you need them, is as smooth as possible
- care leavers entering higher education will receive a yearly grant plus other support. The amount paid for the duration of the three year degree course is inclusive of the government bursary, plus other support. On request we will also provide a laptop computer to university students.

There is a Care Leavers Charter which outlines support offered to Kent Care Leavers, please ask your Social Worker or Personal Adviser for a copy.

Championing your needs and interests

**We will:**

- make sure that you are able to tell us your wishes, feelings and interests, taking into account any disabilities you have
- listen to your wishes and feelings before making decisions that affect you and support you if you need help to do this
- work with you and your family to make sure that plans for your care are up to date and meet your educational, health and care needs
- make sure that you know how to complain and how to get in touch with Young Lives Foundation (Kent’s Children’s Rights Service), who can give you support to help you make a complaint
- give you access to a solicitor (at our cost) if you want legal advice about your care order, or any other legal order affecting you, such as contact with certain people in your life.

Speak Up. Be Heard.

Our Children and Young People’s Council (OCYPC) and Young Adult Council (YAC) are groups of young people in care or who have recently left care who meet regularly around the county. The meetings give you the chance to meet others and have your say on how improvements could be made to help you and others.

To find out more speak to your Social Worker or Personal Adviser, or:
