

Safer travel for commuters

If you normally share a vehicle with people from other households or support bubbles for essential journeys, we recommend you find a different way to travel so that you can maintain social distancing. For example, consider walking, cycling or using your own vehicle if you can. If you do have to travel with people outside your household or support bubble try to:

Share the transport with the same people each time

Open windows for ventilation

Consider seating arrangements to maximise distance between people in the vehicle

Clean your car between journeys using standard cleaning products - make sure you clean door handles and other areas that people may touch

Ask the driver and passengers to wear a face covering

Wash your hands before and after journeys
