

1.2.2 Assessments

Please note:

Section 11 Timescales

The Social Care Assessment is to be completed and sent for authorisation on **day 40** (i.e. **40 working days from the point at which the assessment was initiated**).

Not all cases will require a full in-depth Assessment, therefore in discussion with the Line Manager, the case will be reviewed by **day 10** (i.e. 10 working days from the point at which the assessment was initiated) to determine if the assessment is sufficient thus far, if the case is closing, transferring to CIN/Early Help or elsewhere, or if it does require further Assessment.

Section 13 Recording

Records should be kept of the 10 day Case Decision and 40 Day Review and if any other significant event occurs during the assessment, and this will be updated on the day.
