

My name is Ana Popovici and I am the Director of Children's Services in Wandsworth.

My commitment and ambition is to make Wandsworth the best place for children to grow up, and to achieve this by putting children at the heart of everything the council does.

However, I can only do this by ensuring that the voices of the most important people, those using our services, are reflected in our work.

This is where you come in. I'm keen to hear from you about the social work services you have received, to find out if there were things that we did well or things that we could improve on.

Whatever your experience was, please know that we welcome and encourage your feedback.

You can use the link below to take you to a short survey at any time or your social worker will send it to you at the end of their work with you.
